The Most Powerful \$49.95 Cartridge Word Processor for the Commodore 64™

WRITE NOW!

The **WRITE NOW!** Word Processor provides you with the easiest to use & fastest to learn format available for your C-64. It gives you the features you expect in a professional word processor & some unique features not available in any other C-64 word processor.

With **WRITE NOW!** you have unlimited recall of often used text; global string search makes it easy to find or replace any copy. Editing copy is made easy with simple commands and the full block command enables you to move or delete blocks of copy. You can insert or delete text at will as you scroll up or down through your document line by line, page by page, or you can jump directly to the beginning or the end of your document. **WRITE NOW!** gives you the option of text centering & justification, along with the use of multiple line headers & footers. Page numbering can be set at the top or bottom of a page and either in Arabic or Roman numbers.

- save text to tape or disk.
- sends any 'special' codes to the printer — even in the middle of text (special codes are 'user-definable').
- optional joystick control for scrolling.

Included with **WRITE NOW!** is a 100 plus page easy-to-understand instruction booklet — all for the Manufacturer's Suggested Retail Price of \$49.95.

Other features of **WRITE NOW!** include:

- **INTERFACES** with:
 - MAIL NOW!** Professional mailing list processor for the C-64.
 - SPELL NOW!** 30,000 word dictionary.
 - GRAPH NOW!** Full featured graphics and chart processor.
